

FESTIVAL STARTS TODAY; ANTIOCH IS HOST

STATE MUST AID IN SOLVING FARM PROBLEMS OF DAY

—Emmerson says

Speaker Believes Govern- ment's Functions Could Be Important.

Fairfield, Illinois, September 13.—"The agricultural problem is national in its scope and its solution must be undertaken by the national government, Louis L. Emmerson, Republican nominee for Governor said in an address here this week. "Mr. Hoover has discussed this subject at length and the Republican party offers the only hope of adequate relief of the farmers from their present situation."

"There are important functions, however, which the state government can perform to assist agriculture in Illinois pending or supplementing national legislation."

"The details of this state program must be considered and determined upon by practical leaders of agricultural interests who are most familiar with the farmers' problems."

"The state government through its grain and produce inspection service, its regulation of elevators and supervision over commission merchants and other marketing agents is in a position to be of great service in improving the conditions under which the farm products of the state are marketed. I propose to bring about that improvement both by appointing the best qualified men to positions having to do with these marketing activities and by recommending such changes in present laws as may aid in putting the marketing of farm products on as high a plane of efficiency as possible."

"Through the state department of agriculture and the divisions having to do with the livestock industry there are many opportunities to serve Illinois farmers and I shall do all in my power to use these opportunities to the fullest advantage."

"I am interested in making of the Illinois State fair an annual exposition that may truly reflect the great agricultural resources of the state and I am in favor of encouraging the work being done by the University of Illinois through its experimental stations and its agricultural college and extension departments."

"Hard roads and automobiles have made it easy for criminal gangs to operate in the country and one of the most disquieting developments of recent years is the rapid increase in stealing on the farms. The last legislature enacted a poultry dealers' license law which has been of great benefit in checking this form of crime. I shall recommend such additional legislation as may be necessary to protect the property of our rural residents."

"This is only a brief reference to the many ways in which the administration of the state government may be used for the benefit of agriculture. The voters of Illinois know me and my records and it is not necessary for me to assure them that if I am elected governor the farmer will have a dependable friend in the state house."

DEFINITE AGE LIMIT SET FOR CHILDREN ENTERING SCHOOL

That no child who will not be six years old by February 1, 1929, will be permitted to start in the first grade of Antioch schools next week, was the positive statement made this morning by Mrs. Lillian Williams, clerk of the board of education. Children who will be six years old after that date must remain at home for another year, Mrs. Williams said. The delay until September 17, in the opening of the grade schools was due to the fact that it was believed the new building would be completed by next week. Contractors state, however, that another month will be required before the building may be used.

Mr. and Mrs. Ivan Stickle and family, Los Angeles, Cal., are visiting relatives here.

SURELY HAVE

Committee Members Have
Worked Hard to Help
Festival.

"It surely has!" Those words formed the reply that John L. Horan made when asked yesterday afternoon if he thought the Fall Festival in Antioch is going to "go over big."

And Mr. Horan is in good position to know, for he has worked day and night for many days helping supervise the printing of the programs—getting the advertising so that the Festival will be self-supporting. Mr. Horan is chairman of the highways and police committee also.

Everyone has been working to help make the Festival a success. Antioch hasn't any places for shirkers these days. The Rev. A. M. Kral is general chairman, and those serving on various committees are W. R. Williams, demonstrations and booths; George Bartlett, finance; L. M. Wetzel, parade; H. R. Smith, program; John Nixon, concessions; Homer B. Gaston, publicity; George Schlosser, lighting, and Richard Mack, free entertainment.

HERB AND EMMERSON CHOICE OF FARMERS, STRAW VOTE SHOWS

Chicago, September 13.—Chairman Perry B. McCullough of the Republican State committee has received reports of straw votes taken among farmers in three downstate counties which show Hoover and Emmerson are preferred to Smith and Thompson by a plurality of more than two to one.

These test votes were taken by agents of an agricultural publication, who canvassed the counties for subscriptions and incidentally asked the farmers who they favored for president and governor.

The report of the straw votes are as follows:

County	Hoover and Emmerson	Smith and Thompson
McLean County	311	211
Christian County	211	191
Rock Island County	191	164
Smith and Thompson	164	101
McLean County	101	92
Christian County	92	
Rock Island County		

"These straw votes from widely separated sections of the state confirm the accuracy of the favorable reports we have received from our organization representatives in practically every agricultural county and show that the farmers of Illinois will vote the Republican ticket this fall," said chairman McCullough. "Unusually big crops with a fine prospect for good prices and a better understanding of Herbert Hoover's great interest in the subject and his plan for affording practical agricultural relief at the earliest opportunity have, I believe, convinced a very large majority of the farmers in Illinois that it is to their interest to vote the Republican national and state tickets. They prefer to leave the solution of their problems to Herbert Hoover, with his expert training and experience, rather than accept the vague promises of Al Smith and his Tammany Hall advisers."

Mrs. Chase Webb and Mrs. Ada Overton motored to Champaign Sunday to take Emmett Webb to that city for the opening of school.

Antioch News to Be Issued Daily to Help in Festival Celebration

Not to be outdone by the merchants who have entered into the spirit of the Festival with so much enthusiasm, the Antioch News is printing a paper each day of the celebration. The papers are to be put in the mail at noon each day and may be obtained after 12 o'clock at news stands.

The Antioch News staff is enjoying getting out the daily papers, and it is hoped that the readers will enjoy the special editions as much as the staff takes pleasure in preparing the copy. Not only Festival activities will be covered but all other news will be carried and will reach subscribers as soon—or sooner—than a city daily.

Stage All Set for Three-Day Celebration; Parade at Two O'Clock Opens Festivities

OFFICERS ARE INJURED AS MACHINE TURNS OVER NEAR ANTIOCH

Sergeant George Heckinger, head of the county highway police, accompanied by Deputy Sheriff Klarkowski drove his car into a ditch, into a culvert, and then turned turtle three times on the Lake Catherine road and was speeding. Heckinger, who received a gash on the head and wounds on the abdomen, is expected to be at work again within a few days. Immediately after the accident he was taken to Lake County General hospital but was removed to his home later. Klarkowski suffered a broken rib.

Wright's Orchestra to Play at Wilmot Fair

Plans are completed for the West Kenosha County fair at Wilmot. The association will present the ninth annual fair, September 20, 21, and 22. Thursday is to be Kenosha day with a prominent Kenosha band on hand for the morning's parade of classified floats. Another morning attraction each day of the fair will be ball games between the Wilmot team, Union Grove and others not announced at this time.

Six free vaudeville acts are to amuse the crowd twice daily. The Willards-Hill and Theima; The Filling Trio — "The Accordion Fools" and The Famous Walters Trio-European Novelty Gymnasts and Dancers.

Friday is to be political day with a prominent politician as speaker in the afternoon. The Republican and Democratic parties are both to be represented with booths at the fair. The Nash band from Kenosha has been obtained for the day. Dancing in the gymnasium both afternoon and evening will be under the supervision of the Wilmot Pirate Baseball club. The boys have obtained the noted Jack Wright orchestra of ten men who have been filling a summer's engagement at Winch's pavilion at Channel Lake.

Car Stolen, Found

Supervisor Harry Stratton of Lake Villa, who had his car stolen last week after he had parked it at Utica and Madison streets, Waukegan, has recovered the machine. Detective Sergeant William Macdonald found it abandoned on Dugdale road. It had not been stripped.

INSTALL BOXES

A new nest of safety deposit boxes has been installed in the First National Bank of Antioch. Although the bank is only two years old, the business has increased so greatly that new additions have been found necessary to meet the demands.

WE THANK YOU!

It's real fun—to have the office force treated, and early Monday morning A. B. Johnson walked into the News office with a sack filled with plums—big, red juicy ones.

YUM! YUM! YUM!

Play is Easier Than Work,
and Eating Melon is Much
Easier Still.

Maybe your paper is early—but it might have been earlier—except—

Just in the midst of a busy part of Tuesday afternoon, into the Antioch News office walked Charles Anderson—the man who knows how to raise good watermelons, and who does it, too. With Mr. Anderson was a large watermelon. The staff took "time off" and went after the melon. Real fruit! There might have been more melon for each person had not the force had the additional help for the day of Superintendent of Schools W. C. Petty.

TRIAL SCHEDULED FOR NOVEMBER 12 SMITH ANNOUNCES

Second trial of five men who are charged with forming a conspiracy to defraud the Lake county treasury of \$100,000 will be opened November 12, in circuit court. The time of the trial was announced by A. V. Smith, state's attorney.

Defendants are Roy Bracher, Ira Pearson, former county treasurer; Harold E. Martin, formerly vice president of the defunct Security Savings bank and secretary-treasurer of the Harrington Oil company; Caleb Busick, vice-president of the same; Al Conner, and Clark C. Nye, president of the oil company and formerly cashier of the First National Bank, Eureka, Kansas.

The case was tried in December of last year, when the jury was dismissed after 21 hours of arguing without coming to an agreement.

CONTEST IS PLANNED FOR S. S. CONVENTION TO BE OCTOBER 25

Addresses will feature the opening session of the Lake County Sunday School convention to be held in the Gurnee church October 25. An all day program has been arranged.

Conferences in the afternoon on departmental work will be in charge of leaders of national fame, according to the committee in charge. A young people's rally is to be held in the evening, at which time the Junior choir of the Presbyterian church, Highland Park, will sing. Other special music is being arranged.

Suggestions have been advanced for a poster contest. The size of the poster is limited to 24 by 36 inches or containing 720 square inches. Unity, clarity, brevity, accuracy, and attractiveness are to be stressed, the committee in charge has said. Contests are to be held in various churches of the district and only the best forwarded for the convention, it is said. The contest is open to any individual or class above primary rank.

The poster winning in each church must be on display at the Gurnee church by noon October 25. Prizes offered are: first, a book; second, a New Testament, and a third, a ticket to the dinner to be held that evening as part of the convention program.

Further information may be obtained from Mrs. Jennie Just, 417 North County street, Waukegan, Illinois, telephone 6561.

CASES ARE CONTINUED

Cases against William J. Huber Lee Middendorf et al, formerly of the Antioch Motor Sales company, in connection with the failure of that firm, were continued Saturday until a week later. The cases are in the court of Hervey S. Coulson, Libertyville.

Mrs. Florence Hill, Waukegan, Wis., cousin, visited relatives of Antioch and Grass Lake recently.

Free Eats, Free Acts, and Clean, Wholesome Amusement Feature Program; Gambling Devices Are Banned; Cermak Speaks.

Clear, blue skies greeted residents of Antioch this morning, and more than a few persons probably exclaimed when they arose: "This is ideal weather for the Fall Festival!"

The Festival plans must, so far, have met the favor of the gods, for so many things, such as the weather, have been favorable. The temperature, too, is just right.

The line of march for the parade? The cars will form on Lake street, go down Victoria and over to Main street and up Main, disbanding on North Main.

The cars observed shortly before noon today back of houses, and back of downtown business homes were gay in color, and undoubtedly, the parade will be different than anything Antioch has ever seen on her streets before, THE STAGE IS SET.

DEMOCRATIC NOMINEE CHALLENGED IN OPEN LETTER TO SAVAGE

Intervention By Federal Government During War Is Recalled.

Chicago, September 13.—Howard P. Savage, former National Commander of the American Legion, in an open letter to Floyd E. Thompson, challenges the Democratic candidate for governor to explain why the United States government had to intervene during the war to protect the soldiers at the Rock Island arsenal from vice and criminal elements in Rock Island, where he was state's attorney.

Mr. Savage points out that Thompson has repeatedly alleged that he did not enter the service at the beginning of the war, although he was a young unmarried man because, as state's attorney, he had to keep down vice and crime at Rock Island. As proof that he neglected this duty and permitted the worst kind of vice conditions to exist, a letter written by Secretary of War Baker, to Governor Frank C. Lowden under date of February 23, 1918, is cited in which the statement is made that unless unless something can be done to clean up the situation in Rock Island it will be necessary for the government to remove the troops.

"The Secretary of War declares," Mr. Savage says in his letter, "that representatives of the Department of Justice and the Commission on Training Camp activities had conferred with local officials regarding the liquor and vice conditions in the city of Rock Island but had been unable to get action. It is stated that unless something could be done to remedy conditions it would be necessary to remove the soldiers from this area."

"You were state's attorney at this time and you say you remained at home in order to protect this arsenal. Why did you not curb the liquor and vice interests which were preying upon our boys?"

"Is it not a fact that instead of protecting the United States soldiers in Rock Island arsenal from the criminal element you were so remiss in your duty as state's attorney that it was necessary for the United States government to establish a war zone about the arsenal and clean up the situation without your co-operation?"

"These are pertinent questions not only in the minds of ex-service men, but of all intelligent citizens of Illinois."

WILL SPEAK FRIDAY

As part of the Fall Festival program in the observance of Republican night, Captain C. Weyland Brooks, an ex-service man, and a speaker of note, will deliver an address in Antioch. Mr. Brooks is a member of the Republican State Central committee. His home is in Chicago.

Won't be long now! Only an hour or two—then—but everyone will be there! The Fall Festival opens in Antioch at 2 o'clock this afternoon. Early this morning there was an unusual hustle and bustle about the village.

Main street seemed as though the summer tourist season were in full swing. Everything was gay. Merchants were smiling even more than they usually do. Customers were anxious to buy their wares and get home to "dress up for the festival."

Every business owner on Main street has had his display windows washed this week and today everything was shining and sparkling. Each merchant, restaurant and shop owner has tried to make his windows attractive. Friendly competition is prevalent. Children gathered in groups in front of various stores this morning and were heard to say:

"I'll betcha that guy's store over there'll win."

"G'wan," was the reply. "He ain't gotta chance. That man that gave me those crackerjacks will have the pinkest window."

And so really, no one knows. Everyone wonders. Minds will be revealed this afternoon, however when the \$10 prize is awarded for the best display.

The parade! All kinds of ideas have been tried out in planning and making floats. Merchants and organization committee chairmen have been trying to keep their plans secret, but they have become so interested and so thrilled with their work that they've told "just one person or two." However, few know exactly what to expect, and so the parade is going to have many surprises.

Older settlers of Antioch township are "scouting" around a little to find out if there will be anyone more advanced in years at the Festival this afternoon. There is a prize offered for the oldest settler.

Free lunch is to be served by the economic department of Antioch high school. Free things are always popular—but when things are free and from the high school besides, double popularity is deserved and assured.

Free acts, too, will draw large crowds each day. Today Glenny and Ford, the original athletic absurdities and the high school terriers, eight trained dogs, almost human, promise entertainment.

Merchants will offer demonstrations which will appeal to the housewife and to the men of the home as well. A band concert will precede and follow the talks by the Democratic nominees.

There's going to be a great time in Antioch during today, Friday and Saturday. Everyone will be there, and—

We'll be seein' you.

CASE IS DISMISSED

Lack of evidence caused the dismissal of the case against John Buchanan, Waukegan, who was charged with reckless driving. The trial was held in the court of J. C. James, Justice of the Peace.

The arrest of Buchanan by Officer Frank Valenta followed an accident which occurred September 1, near Antioch on the Antioch-Lake Villa road. J. R. Konquest, Berwyn, was the driver of the other car which featured in the accident. Buchanan was released on bond of \$300 and the trial was held last Friday.

SOCIETY and PERSONAL

To Give Luncheon At Country Club

Three hundred will attend the luncheon to be given at the Cedar Crest Country club house September 26, by Mrs. F. G. Sudl, Waukegan. The guests will be delegates from eastern Iowa and Illinois to a Kiwanian convention.

EVANSTON WOMAN HAS PARTY AT GRASS LAKE

Members of the Lincolnwood chapter of the Order of Eastern Star, their families, and a few invited persons from Antioch, were guests of Mrs. Welsman, Evanston, at her cottage along Grass lake Sunday. The day was spent in playing games, boating, and swimming. A basket dinner was served at noon.

Among those from the community of Antioch attending were: Mrs. Charles Thorne, Mrs. Josephine Herman, Mrs. A. B. Wieden, the Trieger families, Mr. and Mrs. Robert Seifer, Mrs. Hastings and Mrs. Hugo Michel.

Mr. and Mrs. T. A. Fawcett have had as their guests, their son and daughter-in-law, Mr. and Mrs. Fawcett, Madison, Wisconsin. The guests left Tuesday.

Mrs. Clara Turner, Solvay, New York, is the guest of Mrs. L. M. Cribb at the A. B. Johnson home, Main street. While here, Mrs. Turner is renewing many old acquaintances.

Boys' two pants, long pants suits, wool, \$10.50 Chase Webb.

Mrs. R. M. Haynes and Mrs. William Teichert and children motored to Chicago last Saturday and were accompanied home by Miss Myrtle Haynes and friend, Miss Elsie Beck, and A. Tobey, Oak Park, to spend the end of the week. Mr. Tobey was formerly a resident of Antioch and called on many old friends while here.

Don't miss "The Foreign Legion," Crystal Theatre, September 19, 20.

Knee pants, I have 55 pairs to close at 50 cents. Chase Webb.

Mr. and Mrs. John A. Woodhead, Wilmette, were in this village Tuesday. Mr. Woodhead was formerly part owner of the Antioch News.

Mrs. Sam Straghan attended the American Legion convention in Waukegan Monday. Guests of Mr. and Mrs. Straghan Sunday afternoon were Mr. and Mrs. Quinn, Waukegan, and Samuel Hoskins, Libertyville.

Farm Notes

Alfalfa pasture has a tendency to blight all ruminant animals. Of course, sheep are in this class.

The thin pastures that are well covered with weeds should be mowed at least twice during the season.

Legume hay carrying a large proportion of leaves and cured without getting wet, makes a good winter substitute for green feed for poultry.

When lime and phosphorus become low in a soil the clovers are unable to compete with the undesirable grasses and weeds for a place in the flora.

There are many thousands of acres of fully tilled pasture that should have been left in forest. Erosion has started on these and reforestation is the only practical means of stopping it.

Have you provided a place for those early morning pickets? They will soon be ready for the winter quarters. Plan to give them a clean, permanent location, as it is not advisable to move them after they are picked on by hogs.

Where there are some trees already growing or where there is a good natural stand of forest trees, it is very detrimental to the growing of the trees to pasture it. Under such conditions the amount of pasture produced is almost negligible.

Before Freshening Cow Needs Liberal Feeding

For a month to six weeks before calving the dairy cow should be given all the feed she will clean up. During this dry period she can store up in her body a large amount of nutrients to be drawn upon later during heavy milk flow. It is a well known fact that the heavy milking fresh cow cannot eat enough to supply all the food needed, but has to draw on her body for making milk. The statement that a pound of feed before freshening is worth two pounds after freshening is probably not far from true.

Origin of Common Words

Delirium comes from the Latin verb, *delare*, to rave; *delirium tremens* means a trembling delirium. *Deplatory* means that which removes hair, derived from *pilus*, a hair. *Lumbago*, a rheumatic pain in the lower part of the back, is so named from the Latin *lumbus*, meaning loin. *Morphine* is named from the Roman Morpheus god of sleep.—*Hygeia Magazine*.

And Only Then

Once in a while you see a man who doesn't want any more money. He is holding a bill.—*Buffalo News*.

Mr. and Mrs. G. R. Craven, Harvey, Illinois, Mrs. Charles Bieri, Chicago, and Mrs. Weiss and daughter, Louisville, Ky., have been guests recently at the home of Mr. and Mrs. Robert Seifer.

Don't miss "The Foreign Legion," Crystal Theatre, September 19, 20.

Mr. and Mrs. F. R. King and children left Monday morning on a motor trip through Wisconsin.

Mrs. S. Boyer Nelson and her mother-in-law, Mrs. D. C. Nelson, Canton, went to Waukegan Monday to attend sessions of the American Legion auxiliary, which were held as part of the American Legion convalescence.

Complete line of Remington shells. Chase Webb.

Waukegan, Cleveland, Ohio, Gallatin, Pa., Verona, New Jersey, and New York City are among the places visited by Mr. and Mrs. George Rhodes who are spending their vacation touring the eastern part of the country.

My specials are for three days only—days of the Festival. Chase Webb.

Don't miss "The Foreign Legion," Crystal Theatre, September 19, 20.

Mr. and Mrs. D. C. Nelson, Canton, Illinois, are the guests of Mr. and Mrs. S. Boyer Nelson, Main street. They returned to Antioch with Mrs. Nelson and sons, who have been visiting in Canton and Murphysboro.

Men's suits, priced from \$15 to \$22. Chase Webb.

Jack Barnett and several friends, Chicago, spent the end of the week at the Dunford home, and Alnor Pederson, Twin Lakes, Wisconsin, was a visitor at the Dunford home Sunday.

My new fall hats have arrived and I would be happy to have Antioch women and women who are attending the Festival, come to my shoppe in the Antioch hotel and see the latest and best styles for autumn wear. My hats will please. Miss Addie Schaefer.

Prize winners in the Otto Klass ticket drawing merchandise contest have been announced by Mr. Klass, who says that those who have not yet received their rewards should do so at once.

The list of those who held lucky tickets drawn by Ted Hucker (who failed to pick out his own) follows: Charles Griffin, Antioch, socks; Fritz Wolf, Leon Lake, shirt; Lee Stranz, Antioch, overalls; Mrs. Pearl Nugent, Grass Lake, silk hose; Mrs. Frank Zuehlendorf, Bristol, Wisconsin, sweater; and C. A. Pfaffenbarger, Twin Lakes, Wisconsin, socks.

Physician's First Duty

Antioch Business Club Entertains at Dinner at Cedar Crest Lodge

Entertainment consisting of vocal solos, a Spanish dance, a comedy skit, and accordion numbers featured the program presented after the dinner given by the Antioch Business Club on "Ladies Night" Monday in the Cedar Crest Country club house. The dinner was given in the club house after an invitation was extended by George M. Maypole, president of the Cedar Crest organization.

Seventy persons were present. Old songs were sung between courses of the dinner, with John Baxter, Chicago, harpist, directing the music. A short business meeting was held, with C. L. Kurl, president of the Antioch association in charge. The Rev. A. M. Krah, secretary, gave several reports.

"A Sure Cure for the Blues" was the title of the skit presented by a clever pair, Howard and Hill, who this week played in one of the Chicago theatres. Catchy witticisms, clever jokes, and quick, lively acting made their presentation well liked and kept the entire crowd laughing for several minutes.

Smiling, and seeming to enjoy her playing as thoroughly as did the audience, Miss Sally Jayne, Chicago, offered two groups of accordion solos. Her "popular" music proved quite popular. Miss Ramona Winslip, local girl presented a dance in Spanish costume. Miss Winslip has gained great favor with her dances. Mr. Baxter had to respond with dances after he had sung two selections. Mr. Baxter's voice is rich and

full, his diction clear, and his stage presence pleasing.

After the program, Mrs. Hazel Voorhees, organist at the Antioch theatre, played for dancing.

TAKES VACATION
During the two weeks vacation of Simon Simonson, village marshal, Thomas Knott is acting marshal. Mr. Simonson is not leaving Antioch during his vacation period.

Penny Pads for sale at this office.

I am offering for Festival days 20 per cent discount on any hat in the house.

Many folks in our surrounding community attended the wedding of the Rev. Clarence Topkins, who has served the Methodist church at Fox Lake and Ingleside during the last two years.

Special heavy-weight canvas gloves, two pairs for 25 cents. Chase Webb.

A downstate man had an idea she would give him half the road. He expects to leave the hospital in a couple of weeks.

Mr. and Mrs. Arthur Haley, Lake Villa, announce the birth of a daughter. The child was born a week ago today, has been named Vida Ellen.

Mr. and Mrs. Otto Klass are entertaining the former's brothers, Max and Herman Jacobs of Frankfort, Kentucky.

Don't miss "The Foreign Legion," Crystal Theatre, September 19, 20.

You can get a \$2 discount on any trunk at Chase Webb's.

Prof. and Mrs. C. E. Nelson and daughter, of Kenosha, and Mr. and Mrs. S. Boyer Nelson were luncheon guests Wednesday at the home of Mr. and Mrs. H. B. Gaston.

Chase Webb returned Wednesday from Crystal Falls, Michigan, where he was the guest of his brother, R. H. Webb.

Hugs—to close, very cheap. Chase Webb.

Views and Opinions

WELCOME TO FESTIVAL

Antioch is experiencing something new—something different—something of which to be proud—for the village is having its first Fall Festival. The entire community is in gala attire, and rightly so, for the Festival marks a milestone of progress for Antioch.

Clean, wholesome amusement is being stressed by the Antioch Business club, members of which are in charge of plans and are hosts to the thousands who will attend today, tomorrow, and Saturday. No gambling or lottery wheels will be tolerated. The purpose of the Festival is not a money-making one, the mission being, on the other hand, one of good will. It is all to be like a big reunion or fair and citizens of Antioch can not help but feel proud to think that its business men are progressive and interested enough in the community to promote such an affair as the Festival promises to be.

Remember that the Business club members are hosts. If you enjoy the "party" tell them so. If you think of any new suggestions which might be put into operation for a Festival next year, don't be afraid to express your ideas. This isn't the Festival of the club—it is your Festival. Help make it so brilliant that news of it will spread to the entire district, so that everyone will know Antioch "knows how."

W. O. WINCH IS HURT IN AUTO ACCIDENT; BLINDED BY LIGHT

Blinded by a spot light, and his vision obstructed by dense fog and a heavy rain, W. O. Winch, owner of the Channel Lake dance pavilion, drove his automobile into two trees just after crossing the Channel lake bridge by the Blue Lantern Tuesday night about 10:30 o'clock. His head was badly cut. He was taken to the Memorial hospital, Waukegan, immediately after the accident, but was brought to his home late Wednesday.

Returns Indicate the Governor Makes Poor Showing in Rural New York.

HAS BEEN LOSING GROUND

Agricultural Districts Vote Against Him—Strength Diminishes Rapidly From 1922 Peak.

Election statistics mark the fact that the great political popularity of Governor Smith in his own State is a Democratic fiction.

He has gained public support as the State executive only in New York City, and he has invariably failed to gain it outside of that city. As a candidate for Governor he would have been defeated, outside of New York City, at each of the four elections where that city gave him the office, and usually he would have been snowed under. He would have failed by net losses ranging from 93,000 to 410,000 votes.

Election statistics show that he has been a local leader only. He has never become a State leader because he has never gained the confidence of the State at large. Without the indispensable support of the Tammany organization in New York he would have remained a small factor in the politics of his State—a mere local politician.

The same statistics manifest that the last two of Smith's elections are far from proving that he has made any gain in the confidence of the State at large. On the contrary, these last two elections prove that he has lost a considerable share of the support he had previously received in the districts outside of Tammany control. In 1922 he lost rural New York State, but he carried thirteen of the fifty-seven up-State counties. In the presidential election year of 1924 he captured but one up-State county—Albany, the official home county of the party in power.

Two years later, in 1926, he recovered no more than three of the twelve up-State counties lost in 1924; and he lost the State, outside of his usual Tammany controlled local field in New York City, by upwards of three times as many votes as he lost in the one year (1922) when he sought to become a real State leader. That is, at his last election, two years ago, he lost up-State by 236,350 votes, as against his corresponding loss of only 93,278 votes in 1922.

The indisputable figures of the election returns thus record that, despite Smith's national ambitions, he has, during his last two terms as Governor, retired a long distance backward from his desired, but unattained, post as a true State leader, to his old, original rank as a successful city politician.

Coolidge Security

I consider it my duty to carry forward the principles of the Republican party and the great objectives of President Coolidge's policies—all of which have brought our country such a high degree of happiness, progress and security.—Herbert Hoover.

Mange Mites Are Great Liability

Ailment Has Been of Increasing Economic Importance in Central West.

(Prepared by the United States Department of Agriculture.)

The practical side of controlling animal diseases and parasites is shown in a report to the United States Department of Agriculture by Dr. J. O. Wilson, a federal veterinary official stationed in South Dakota. Swine mange has been of increasing economic importance throughout the Central West with the result that in some localities as high as 40 per cent of the hogs slaughtered show evidence of the presence of the mange mite.

Affects Vital Parts.

Since this parasite affects the parts of the hog that are of greatest value—the hams, shoulders and loins—packers have been purchasing mangle hogs at a discount ranging from 50 cents to \$1.50 per hundredweight. For a 250-pound hog the actual discount thus amounts to from \$1.25 to \$3.75, depending on the extent of mange present. "This estimate," Doctor Wilson adds, "does not take into account the saving of feed in the fattening of a mange-free hog in comparison with the added time and feed necessary to fatten a mangle hog."

In the endeavor to disseminate such information to swine growers in their trade territories, progressive commission firms are using rubber stamps bearing the notice:

MANGE HOGS SELL AT A DISCOUNT OF 50c to \$1.50 per CWT.
Proper treatment of mange
infected hogs insures more
RAPID GAINS AND HIGHER PRICES

Briefly, mange mites are a serious liability to the swine producer, as they cause pork products to be classified into lower grades of less value. The losses occur throughout the year, but are somewhat greater during the winter months when control of the parasites is more difficult. Officials of the bureau of animal industry point out that mange in hogs is readily preventable and control methods are fully discussed in Farmers' Bulletin 1085 which may be obtained on request. In view of the better prices paid for mange-free hogs, averaging about \$2.50 a head over those that are affected by the parasites, the slight cost in labor and material for dipping the average herd is repaid many times.

Gem From the Talmud

The saying, "Even when the gates of heaven are shut to prayer they are open to tears," is from the Talmud.

Thought and Action

I have always thought the actions of men the best interpreters of their thoughts.—Locke

HICKORY NEWS

Mrs. Paul Protine was a Waukegan visitor Friday.

Mrs. Jennie Pickles spent last week at the Wilbur Hunter home.

Mr. and Mrs. Ed Gillings and Mrs. McGuire were guests of Mrs. J. Wells Sunday.

Mr. and Mrs. D. W. Pullen and family were Sunday visitors at the home of their son, Elmer.

Mr. and Mrs. O. L. Hollenbeck entertained relatives from Chicago Sunday.

Mr. and Mrs. A. Savage and M. R. Savage were Evanston visitors Sunday.

Mr. and Mrs. David Bennett, Diamond Lake, who formerly lived here, announce the birth of a baby girl.

Carol Tilletson returned to her school duties at Delavan, Wisconsin, last week.

Mr. and Mrs. D. W. Pullen were Waukegan visitors Monday.

Beaver Broke Precedent

There is a tradition that no beaver was ever caught by a falling tree, but in an instance at Shag pond in Maine this tradition was upset. A tree that a beaver felled slipped off the stump and caught him by one foot, exactly as if he were in a steel trap. No one happened along to discover his plight until after he had died.

Methodist Church Notes

The spirit of the Fall Festival in Antioch will be carried over into the church on Sunday. The Sunday school will carry out a promotion day program when the scholars will be promoted to the various grades of study within the Sabbath school. Special emphasis will be laid on the exercises for the Beginners Department, now in charge of Mrs. John E. Moore, which will be promoted to the Primary department, under the supervision of Miss Mary Stanley, and the members of the Primary department will be promoted to the Junior department.

During the worship, new members will be welcomed into the church and also several babies will be baptized. S. E. Pollock who rendered such efficient service last winter in the directing of the choir has promised to have several members present and to provide a service of song and praise.

No. 27

Published in the interest of the people of Antioch and vicinity by H. R. Adams and Co.

H. R. Adams, Editor
Rex Bonser, Mgr.

"When I proposed to my wife, she laughed at me." "She sure is a silly child. She laughs at some of the most stupid things."

"That girl Mary, that you have been taking out lately, has a reputation for being a clever little gold digger." "If that's true, she must be a poor geologist."

The leaves will soon take on their beautiful colors again and we can view nature in her most wonderful mood.

A gasoline shortage is predicted for the year 2000, but how to keep from growing old

by that time the cars will be so numerous that they can't move anyway, so it won't make any difference.

It's a little early, we know, but why not create your own personal Christmas gifts this year with DECO? We can tell you how.

"Do you love to work long hours?" "No, only the regulation length—60 minutes."

"Never put off till tomorrow what you can do today." That motto was intended for the man who delays ordering his coal until the first cold snap.

Now it appears what is needed is a rescue party to rescue parties that got lost trying to rescue rescue parties.

How to keep from growing old

Always race with locomotives to crossings. Engineers like it. It breaks the monotony of their jobs.

Manner: "You're the slowest boy we ever had. Aren't you quick at anything?"

Boy: "Yes, sir, no one gets tired any quicker than I do."

"It must be three years since I saw you last. I hardly knew you—how aged so." "Really! Well, I wouldn't have known you except for that dress."

Don't fail to visit our booth during festival, we have something good for you

PHANTOM ISLE STILL MYSTERY OF TROPICS

Sailors Tell of Paradise of South Pacific.

New York.—Four nearly eighty years ago a ship's captain had told of the existence of a "lost" island somewhere in the south Pacific, a lonely paradise of green palms, gleaming beaches, of powdered coral and blue lagoons, all guarded by a ring of saw-toothed reefs over which the tortured sea boils in sheets of foam.

Passing ships have reported it lying low in the turquoise sea like an emerald, but when the hydroographers have tried to locate and chart it they have found nothing but the empty ocean.

Some persons have regarded it as a myth, others as one of the strange phantoms of the sea, while the more practical ones have declared it to have been one of the floating islands not uncommon in tropical waters. A few believe it to be a low-lying island in the sea that it is easy to miss.

Reported in 1859.

It was first reported in 1859, and one year later the United States corvette *Levant* dropped out of sight forever on her way from Hilo to Panama. There was some reason to suppose that she went to look for the island, for, while the corvette was in port at Honolulu in June, 1860, Lieutenant Stout, her executive officer, expressed great interest in the island and talked with several merchant captains about its probable location.

The *Levant* was heading southeast when she left Hilo and sailing a course which, if continued, would take her across the equator and into the latitude of the mysterious island.

Basis for Tale.

It was partly about the *Levant* that Edward Everett Hale wrote his imaginary tale of "The Man Without a Country," in which he prophetically wrote of the founding of the warship, but fixed the date nearly three years later than her actual disappearance, naming the time of Nolan's death on the *Levant*, after fifty years of voyaging and transfers from ship to ship, as May 11, 1863, in latitude 2 degrees 11 minutes south and longitude 131 west, somewhere near 1,500 to 2,000 miles southeast of Honolulu.

On that date the *Levant* had in all probability been lying at the bottom of the sea for nearly three years, as she left Hilo in August, 1860, and vanished.

No vessel ever spoke to her at sea after she disappeared into the regions of the trade winds. While at Honolulu, Lieutenant Stout, with much pride, showed to his ship's visitors the stateroom of Philip Nolan who was supposed to have occupied.

Fires Forest to Kill

Girl Who Jilted Him

Toronto, Ont.—The story of an Indian who set fire to a forest in which the maid who jilted him had fled with his rival, came from the north woods recently.

Capt. Roy Maxwell, director of the provincial air service, told the story in describing the work of his department, part of which was to aid the royal Canadian mounted police in capturing the ruffian Indian.

The Indian had been singing love songs to a girl of his race. She jilted him and fled with another suitor into the woods. Following them, the rejected suitor waited until the couple entered a forest area in the Lake Simcoe region. Then he methodically set to work to fire the whole area. A forest ranger surprised him at the task and extinguished the several fires the Indian had set. The brave escaped.

Bullfighting the mid of the air service, the royal Canadian mounted flew into the wilderness to the Indian's camp and arrested him.

Volunteers Replace

Professional Models

Paris.—Professional artist models are dying out as a class in this citadel of art. Never before have there been so many artists in Paris, so many schools and so many galleries; but models, particularly women, are a vanishing race.

With a few rare exceptions, the professionals have been replaced by an anonymous crowd of out-of-work manikins from dressmaking establishments, chorus girls and, above all, by disinterested persons devoted to the cause of art.

Art is so much the fashion that painters and sculptors often find their choice of models limited only by the list of their acquaintances. Many American girls, well educated, of good families, consider it an honor to pose in the studios of Montparnasse and Montmartre.

Dig Up Ruined City

Gibraltar.—A group of archeologists have obtained financial backing for a plan to excavate the ancient city of Carthage. Interest in the project was first touched last year when a Spaniard accidentally discovered a Roman sarcophagus and other evidence of ancient habitation.

Hens Not Wanted

Atlantic City, N. J.—"Visitors to this resort do not come here to hear cackling hens and crowing roosters," asserted Recorder Jorio in imposing a fine upon a citizen who had started a small poultry yard within the limits of the city.

Poultry Parasites Destroy Many Birds

High Death Rate Is Caused by Lice and Mites.

But if the great often many farm dollars grow wings and fly away, with outstretched wings, it is not by the farmer's fault. There is a source of trouble which can be checked to the benefit of poultry flocks.

Scientists of the Wisconsin college of agriculture are convinced that the high death rate and under production which is typical of many flocks in the state is directly caused by lice and mites which peck at the birds from the time of hatching to maturity and often cause their deaths at various stages along the way.

A full account of the trouble and how to prevent and cure it is given in a circular "Lice and Mites and Mites." Any Wisconsin resident may secure a copy free by addressing the college at Madison.

In every case, prevention is far better than cure, declare the members of the Wisconsin poultry staff. Although lice are not usually as harmful as mites, many broods of chicks are laid by injured by them, and some are killed by the pests. Not infrequently hens desert their nests and their eggs are spoiled simply because of the ravages of lice.

Four different ways of killing the lice are recommended. One is to dust the bird's body with insect powder, or to make it possible for them to take outside dust baths during the summer. Sodium fluoride may be used, with good effect, either as a dust, dip, or a grease, depending upon its preparation. Blue ointment makes an effective grease, they say, and sweet oil is a particularly good remedy for young chicks that are infested.

The "ounce of prevention" law also applies to controlling mites, which are particularly serious pests, having been known to kill young chicks during a single night. Since in day time they hide in the nests and in the cracks and crevices of the roosts and the walls, the best remedy is to paint the roosts and nests with carbollum, or crank case oil.

Many Pastures Improved by Manure Applications

Many pastures have been improved by manure applications, but this method of improvement is not recommended because the manure brings a greater return per ton if it is applied to the cultivated land where it benefits a crop of much higher money value per acre than pasture. However, if enough manure is produced on the farm to cover all the cultivated land once each rotation of three or four years and there still remains a surplus, it is satisfactory to apply it to pasture land.

Another objection to manuring pastures is that because of its relatively high content of nitrogen and low content of phosphorus it produces a growth of the grasses to the exclusion of the clovers, giving a poorly balanced pasture growth. Ordinarily, farm manure carries a plentiful supply of weed seeds which germinate in pastures with annoying regularity.

Lloyd George Is Most Pleasing Red Raspberry

Lloyd George is the most promising new red raspberry, American or European, ever grown on the grounds of the New York experiment station. The plants are hardy, unusually productive, and very healthy. Stuckers are produced abundantly and the fruiting row is quickly established. The berries are very large, uniform in size and shape, and do not diminish in size as the season advances. The long, conic berries are medium red in color and firm enough for market to make a most attractive appearance in the basket. The season is three or four days later than that of June and is unusually long. The flavor is sprightly and pleasant and the quality in every respect is excellent. Lloyd George is an English sort, plants of which were introduced by the New York experiment station in 1924. The variety will be offered by the New York Fruit Testing association in the fall of 1929.

Mulch for Raspberries During Growing Season

The most common system of soil management in the raspberry and blackberry patch is to cultivate between the rows and hoe the ground immediately around the plants. The greatest drawback to this practice is that other work is so pressing at times that proper and timely hoeing and cultivation are frequently neglected. In the case of the small or moderate-sized planting, the entire surface of the patch can be covered with straw deep enough to smother out all weeds and grass. This method insures a constant supply of moisture for the plants throughout the growing season and does away with hoeing and cultivation.

Lime for Apples

Lime is one of the best things the apple grower can invest in. After its use sweet clover can be used to reduce the bill for nitrogen. Growers should plan on getting in a car whenever their work will allow them to get it on the ground. It is one of the things which is hardest to get done. Many times the grower will say to himself, "I wish I had a car of limestone here to unload right now while I could handle it."

Statue Serves as Medium for Railroad

An attractive innovation in outdoor advertising has been introduced by the Chicago North Shore and Milwaukee railroad (North Shore Line) in the territory which it serves with the erection of important trade points of artistic statues as a medium for carrying its messages of service to the public.

These statues, which are constructed of a solid composition that will withstand the elements, present the figure of a town crier of early American days striding along with a bell in one hand and a scroll in the other. On the scroll are inscribed in large letters the words: "Did you ever travel 80 miles an hour?"—emphasizing the high-speed operation of all-steel North Shore Line trains between Chicago and Milwaukee.

The figure of the town crier is seven and one-half feet tall and appears to be carved out of marble. It stands on a seven-foot base, which is finished to represent light grey granite. On the four sides of the base are large North Shore Line emblems in bas-relief and plaques telling of the territory and leading communities served.

Ten of these statues are being erected by the North Shore Line, and eight are already completed. These are located at Dempster street and Briarcliff stations on the Skokie Valley route, Milwaukee avenue north of 18th road, Milwaukee avenue at Half Day road, Waukegan road at Everett, Sheridan road north of Kenosha. The two other statues will be located on Waukegan road at Northbrook and on Sheridan road at Wilmette. The picture shows the statue at Briarcliff station on the Skokie Valley route.

Latin to English

The exclamation, "Oh, dear, dear!" is a corruption of "O, Dieu, Dieu!"—an invocation of the Deity. "All my eye and Betty Martin" is from "O mull, Beate Martine," meaning "Help Me, Blessed St. Martin."

Presumption of Death

If two persons perish in the same catastrophe and money or property is involved, the law presumes that the older died first.

Medical Definitions

Quarantine is an interesting word. It first meant a period of forty days, because that was originally the fixed period of quarantine, regardless of the disease. *Quarant* is Latin for a bent surface or fold. Vaccination comes from *vaccin*, a cow, because the vaccine is obtained by a process in which cows play a part.—*Ilygela Magazine*.

The Use of Force

First, let permit me to observe that the use of force alone is but temporary. It may subdue for a moment, but it does not remove the necessity of subduing again; and a nation is not governed which is perpetually to be conquered.—*Tate and Burke*.

The Comeback

When A publishes a book in which he is described as the "world's greatest authority on bridge," there is really nothing for B to do but get out another in which he is called the "world's foremost authority on bridge."—*Detroit News*.

Norman French Term
The prefix Fliz in proper names is a Norman French prefix which means son of. It is a corruption of the word filius. As one authority says: "In contracting the word filius the old scribes drew a stroke across the i to denote the omission of the i and thus assimilated it in form to the letter t. The character z is the usual contraction of us. Thus the word looked like fliz and came to be so pronounced."

Saved by Molasses
A ship in danger of destruction by mountainous waves was saved by the captain pouring a 7000-gallon cargo of molasses overboard. The molasses, the uncrystallized syrup drained from raw sugar, had the same effect as pumping oil overboard, and stilled the water around the ship.

Origin of Hand-Shaking
Shaking hands is almost entirely an American custom, but like so many other American customs, has a European origin. It developed as an extension of the custom of Freemasons to give their hands in comradeship when they meet.

Trying to the Temper
Perhaps nothing does a man more than to have another man begin an explanation of something he was just going to explain.

Thanks for the Change
"Women make fools of men." And sometimes make men of fools.—Ex change.

Arne Jokinen beat Olie Oy, in 3 rounds.
Frankie Hughes beat John Sarne in 3 rounds.

Return matches, with Jimmy Chase, Chicago Tribune Golden Glove Winner, fighting Alphonse Amzone, and Benny Goldblatt, Chicago, opposing Jimmy Hull, Lake Villa, promise to make the card at Antioch Palace tomorrow night a thrilling one. Many other interesting bouts are scheduled.

The Rockford boys who visited the Palace last Friday were well-liked. They won four and lost four contests before more than 1,500 fans who were present.

Flowers of honor for adding special thrills to the best evening of boxing yet presented in Antioch Palace, go to the ever popular fighters, Barney Ross and Jimmy Chase—who scored victories in the double windup over their Rockford opponents.

Ross had no difficulty in defeating Joe Loubman in three rounds. The winner played around for a little while, and although the bout was one-sided, it was a fast and lively contest.

If anything, the fans got more real kick out of Chase's battle with Haefner than they did out of the Ross bout. Why? Chase knocked out his opponent in grand style. The fighters were evenly matched and during the first round Chase no more than held his own. Hard blows in the second carried Haefner to the mat and he was unable to get up. It was a great fight.

Larry Levette, Waukegan, was bumped in the head the first round and although he was given medical attention, bleeding continued a great deal, and, without a doubt, had much to do with his defeat at the hands of Ray Trumble. In the third round, however, Levette lightened up and seemed to have new life, but it was

too late.

Jimmy Hull, Lake Villa, and opponent, Ted Dobson, didn't have a dangerous fight at all. Hull lost. "Mac" McMullin, one of Antioch Palace's "regulars" lost to Carl Buckman in three rounds. The two men staged an interesting battle, and there was doubt in many minds as to what the judges' decision would be.

Ernie Jokinen, Waukegan, earned a victory over Olie Oy, and especially in the first two rounds found that his Rockford opponent was a comparatively easy victim. Oy, when the going sounded at the end of round one, was not in the best of shape.

Frankie Hughes, Kenosha, won another victory at the Palace, this time over Johnny Sarno. Hughes outclassed Sarno in every way at every time. Lou Buckman defeated Rollo Hinds, Chicago, in three rounds. In the first round, when the loser was sent to the floor for a count of nine, it looked as though the fight were over, but Hinds staged a fairly good comeback.

The card which Promoter Dick Mackey offers Friday night follows: Lou Stanley, Waukegan, 135 lbs., Billy Bart, Chicago.

Joe Drinka, North Chicago, 150 lbs. return, Hugh Campbell, Grays Lake, Illinois.

Ernie Jokinen, Waukegan, 155 lbs., Billy West, P. S. Navy.

Frank "Mac" McMullin, Waukegan, 150 lbs., return, Eddie Burke, A. A. P. Champ.

Frankie Hughes, Kenosha, Wis., 155 lbs., Humberto Gutierrez, Mexican A. A. P. Champ.

Barney Ross, Chicago, 125 lbs., Willie Davis, South Chicago, Illinois.

Jimmy Hull, Lake Villa, 125 lbs., return, Benny Goldblatt, Chicago.

Jimmy Chase, Tribune Golden Glove Winner, 115 lbs., return, Alphonse Amzone, Racine, Wis.

New Type, Latest Style Faces

Slow at First but—

It was twelve and delights in large words. When he attended his first evening party, his mother was curious to know how the evening was spent and whether he had a good time. "Well, at first it was pretty slow," he reported, "but toward the last it got quite light-barious!"

Genius and Reliability

The wild force of genius has often been fated by nature to be finally overcome by quiet strength. The volcano sends up its red bolt with terrible force, as if it would strike the stars; but the calm resistless hand of gravitation seizes it and brings it to the earth.—Hayne.

Postage Stamps?

It was in a small country town during the World war that an eager collector selling her quota of war saving stamps met an amusing experience. She explained the purpose of her visit to one woman, and received this answer: "Well, I guess I don't need any of the stamps. We don't write many letters."

Greek Culture Widespread

Excavating an ancient tomb in Mongolia, Professor Kozlov discovered a Greek tapestry and a carpet representing a deer on whose back is a winged lynx. Such discoveries as these in Eastern lands indicate that the ancient Greek art and culture spread as far East as Mongolia. He

Knit Fabrics That Wear

Men who know fabrics and judge styles, recognize the distinctive class in Coopers made... the smartness... the distinctness of weave... the skill shown in intricacies of their construction.

Coopers

Knitsuits for Men

fit because they're knit; they give as your body bends; they never chafe; made in wool, worsted, cotton or rayon; in light, medium and heavy weights. For these reasons, buy Coopers... always.
